

This package is designed to quickly and easily detail your quilting project so that I can provide you with the best possible results. It consists of three parts.

1. This page, which is an introduction to my services and an instruction sheet for the remaining parts.
2. A quilting services worksheet/invoice, which will provide a solid foundation for our mutual understand and agreement of exactly what I will provide for you and what it will cost.
3. A project checklist, which you can use to track our project through all of its steps as it progresses.

My Services

I provide Longarm quilting services in both traditional and contemporary styles. I can work pantographically and freehand, and I can provide any level of custom quilting up to and including heirloom and show quality. Naturally, there are increasing levels of effort involved in more intricate and polished designs, so I provide a pricing worksheet that distinguishes the work to be performed based on your desired results.

As a quilter, I fully understand the care and loving attention that goes into a quilt top, so I will take the best possible care of your quilt while it's in my pet free, smoke free studio.

Next Steps

The next page of this package is a design and pricing worksheet and order form. For custom and heirloom quality work, I will need to work with you as you complete it. Are you ready? Let's make a quilt together!

1. Pricing the work

Please select one of the following pricing levels. Note that all prices include batting and thread.

- A. Standard quilting services (edge to edge): \$0.015/square inch
- B. Custom quilting services: \$0.03/square inch and up
(requires consultation, please call or email)
- C. Show quality quilting services: \$.05/square inch and up
(requires consultation, please call or email)

Write your pricing level in the space below.

2. Sizing and prepping the work

Please determine the size of your quilt by measuring the finished quilt top length and width in inches and multiplying for a total.

Indicate the top of the quilt with masking tape, and the same for the backing. Thoroughly press all seams flat and trim all threads, press backing. Backing must be at least 4-5 inches wider on all sides of the quilt than the quilt top. Please make sure that your backing is square. If your backing needs to be pieced please do so using a 1/2" seam and press the seam open flat. Please remove all pins and basting

Write the total size in the space below.

3. Additional features

If you wish, I can supply batting for an additional charge. Call or email for pricing and enter it here. Also circle the type of batting you prefer.

Organic Cotton (standard) Polyester Wool Silk Bamboo

Please write in your desired thread color below. For an additional charge (consultation required) you may also specify a thread type and brand.

Write your feature charge (if any) below.

4. Summary and total

Multiply your pricing level (1) by your size (2) for your quilting charge: _____

Add the price for any additional features (3): _____

Add the price for any special services we have agreed upon (write details on back of page): _____

Add the price for packing, shipping and insuring your quilt: \$15.00

Add any additional insurance over \$300 at \$0.35/\$100: _____

Enter the total charge here. 50% of this amount is due immediately and the balance is due after the work is done and before your quilt is shipped back to you: _____

I authorize Lashonne Abel of Lashonne Abel Designs, LLC to complete the work listed above. I understand that I am financially responsible for the cost of services rendered and for all materials used in this process, and all shipping costs. If this quilt is displayed in a show or publication, I agree to credit the machine quilting to Lashonne Abel of Lashonne Abel Designs, LLC. Shipping includes insurance up to \$300.00 on all lost or stolen items. Extra insurance is available at \$0.35 for each additional \$100.00 of value (please include on order form). Tracking numbers will be provided for all shipments.
